

Kofax Power PDF Advanced

The Leading PDF Software
Built for Business Users

The Ideal Enterprise PDF Solution

Kofax Power PDF™ is the perfect document management tool for all business users—a single product that's easy to use for simple tasks, and robust enough to handle the most demanding requirements.

Power PDF Advanced Advantages

Immediately familiar user interface enables quick adoption and boosted productivity

With a Microsoft® Office-style ribbon, Power PDF Advanced provides ease-of-use familiarity enhanced by customer input over twenty years. The Quick Access Toolbar lets you conveniently create shortcuts to features and capabilities.

Superior document conversion accuracy saves time and effort

The latest Kofax OmniPage OCR delivers peak performance in converting PDFs and scanned files to Microsoft Office. Find quicker results in two ways: pinpoint text accuracy on poor images saves time proofreading, and superior format accuracy reduces manual effort in correcting headers, footers, numbering, tables and more.

Kofax SignDoc® delivers complete electronic signature functionality within Power PDF

Kofax SignDoc integrates directly into Power PDF, delivering end-to-end electronic signatures and verification with no separate web application required, improving efficiency and security (separate purchase is required for full integration).

KOFAX

PRODUCT SUMMARY

New: Collaboration Server (Advanced Volume only)

Work together across the enterprise and around the world. Enterprise users can collaborate on PDF documents in real-time across the enterprise, in the office and remotely, supporting dynamic teamwork and a seamless workflow.

New: Deployment via Power PDF Advanced Volume Subscriber Access License (SAL) Server (Advanced Volume only)

Deploy Power PDF with SAL licensing to Windows named users via License Server to support compliance and availability for user and term management (term pricing available). SAL enables true oversight of license accounting and server-based expiration dates.

New: Fuzzy Search capability

Perform a Google-like proximity search instead of exact search. Expand your results to find typos, different word orders, etc.

New: Power PDF Mobile

Collaborate on any device, anywhere at anytime. View and work with PDF files whether you are on a Microsoft Surface or an Apple iPad. View, markup, sign, and send to print directly from your device. Supports iOS 13.6+ and Android OS 8.1+ devices.

Benefits of Power PDF Advanced

Don't labor over PDF conversion to Microsoft Office

Converting the text and then spellcheck quickly fixes text errors. Don't worry about formatting errors—Power PDF vastly boosts productivity by delivering the finest format fidelity in Microsoft Word®, Excel® and PowerPoint®.

Utilize latest PDF security and enterprise rights management

Protect PDFs with password permission and certificate security controls up to 256-bit AES encryption. Support for Microsoft Information Protection Services and Microsoft Azure Rights Management Services.

Redact sensitive information and remove metadata

Dependable and flexible redaction via pattern search and metadata scrubbing to protect confidential information.

Automate repetitive action sequences with batch and watched folder processing

Employ watched folders for automated creation of PDF from all supported source files. Use batch processing with sequences for sophisticated document actions like extracting pages by search terms.

Key Benefits

- Work intuitively in a familiar Microsoft Office-style user interface
- Create PDF documents compliant with the latest PDF 2.0 and PDF/A-4 standards
- Convert all PDF files to Microsoft Office with best-in-industry text and format recognition
- Convert static to fill-able PDF forms in a single click
- Scan paper documents and in one step, render as Searchable PDF
- Assemble documents from Microsoft Office and image files via page preview selection
- Edit text and images with ease
- Employ the latest PDF security up to 256-bit AES High Security encryption
- View, markup and sign PDFs on iOS and Android mobile devices

System Requirements

- 1.5 GHz or faster processor
- Supported operating systems:
 - Windows 10; 32-bit and 64-bit editions
 - Windows 11
 - Windows 10; 32-bit and 64-bit editions
 - Windows 8.1; 32-bit and 64-bit editions
 - Windows Server 2012 R2, 2016, 2019, 2022
- Citrix® Virtual Apps, Citrix XenApp, Windows Remote Desktop Service
- 1 GB of memory (RAM) or greater
- 1 GB of free hard disk space for application files.
- Web access needed for product registration, activation, product help, and obtaining live updates for the program.
- Microsoft .NET Framework 4.8. If it is not detected, it's installed with the product.

Note: Performance and speed will be enhanced if your computer's processor, memory and available disk space exceed minimum requirements.

Integrate Power PDF with document management systems

User Power PDF integration with Microsoft SharePoint®, iManage Work® and eDOCS®. Connect to Box®, DocuShare®, Dropbox™, EMC Documentum®, EnterpriseConnect, Evernote, Google Drive®, HP Trim®, NetDocuments®, OnBase®, OneDrive® and Worldox®.

Intelligently manage how you assemble documents

Assemble new PDF documents from Microsoft Office and image source files by selecting pages from a visual preview. Remove blank pages with the enhanced sequencer and extract pages based on your search results—a huge time-saver compared to combining entire files and editing manually.

Kofax Power PDF Mobile

PDF Solution Built for
Mobile Users

View, edit, sign and manage documents, all at your fingertips

Bring your digital workflow with PDFs anywhere you need to go with the Kofax Power PDF™ Mobile app. Our app empowers users to easily navigate, edit and share PDF files on mobile devices—anywhere, any time.

Power PDF Mobile Advantages

When you or your teams need PDF software that closely replicates the versatility of a desktop, a purpose-built app is the answer. With the release of Power PDF Mobile, everything you need is right in your pocket.

Quickly View PDFs

Open documents at industry-leading speeds to view PDF packages, comments, attachments and encrypted documents.

Access a Wide Array of Annotation and Markup Tools

Highlight, cross-out, underline and add comments with customizable color and opacity. Explore a rich set of drawing tools to markup PDF content with your chosen color, size and shapes.

Fill Out Forms and E-Sign How You Want To

Draw your signature on the screen, resize and customize it for color and thickness and save profiles for future use.

Manage Documents Securely

Protect your documents with a security password to keep your valuable information safeguarded.

Share Documents Online

Access documents within Kofax Power PDF Mobile or upload your own from the web. Share documents via email or send them to a nearby printer.

KOFAX

Benefits of Power PDF Mobile

Access your PDF files on your phone and tablet

Open PDF files from your company's remote cloud storage server or your own local memory. Selectable page layout displays include continuous, single page and text reflow.

Navigate PDFs with efficient, familiar methods

Quickly navigate PDF content via standard bookmarks, thumbnail views and go-to-page actions. Document Actions include the ability to add tags, save to files and support functions such as AirDrop and Notes.

Easily collaborate

Enable your team to pick up where you left off. Add notes to text with highlights, cross-out and underline markups. Go one step further and customize highlights with color, thickness and opacity. Drawing tools include line, arrow, rectangle and oval shapes.

Complete your digital workflow with e-signatures

Apply signatures with your finger or stylus. Re-size and customize for color and thickness. Save signatures for later to ensure your next document is signed just how you like it.

Print from your phone

When your document is ready, email PDF documents with your mobile email service. Locate a nearby printer and print straight from your device.

Search smarter

Search productively and efficiently, with number of hits per page and actual hits within the document's context.

Intuitively protect your data

A security password protects your PDF files through an intuitive toolbar Lock icon.
